Consultations

Consultations are performed at various locations and we will co-ordinate the most convenient location for you when booking. It is important to bring your referral, a list of all the medications you take and any blood test results and xrays to your consultation. After your consultation a booking may be made for your surgery. Full information will be given or sent to you regarding the details for your procedure.

*Lap Band patients – if you had your Lap Band done elsewhere and are being referred to our surgery, please bring to your first consultation your previous weight chart, a copy of your operation report, ultrasound or xray results and any other information relating to your Lap Band.
